

H.O.P.E. of Winston-Salem Volunteer Guidelines for COVID-19 Crisis

As we continue to navigate through these challenging circumstances due to the ongoing COVID-19 pandemic, we realize that many of you have questions and concerns. H.O.P.E. of Winston-Salem is proud to communicate that we have sustained our weekend operations during the COVID pandemic. It is with a huge outpouring of support, robust safety measures and countless volunteer hours we have been able to come together and ensure children are fed in Winston-Salem.

We do ask for your help in continuing to foster a healthy environment at the HOPE facility. You can volunteer if you:

- Are in good health and do not have any symptoms of COVID, including fever, cough or shortness of breath
- Have no recent or prolonged exposure to COVID and/or infected persons
- Agree to wear a mask or face covering inside our facility
- We are happy to welcome back families with children but it is required to wear face coverings inside our facility for all volunteers

You should not volunteer if you:

- Are currently diagnosed with COVID
- Have been exposed to someone with COVID
- Have a fever, cough or shortness of breath
- Are not feeling well for any reason

For opportunities to volunteer with us, please click here - <https://hopews.org/ways-to-help/donate-time/>.

Any questions/inquiries should be emailed to: info@hopews.org

THANK YOU HOPE HEROES!!
